## 2. Create Account

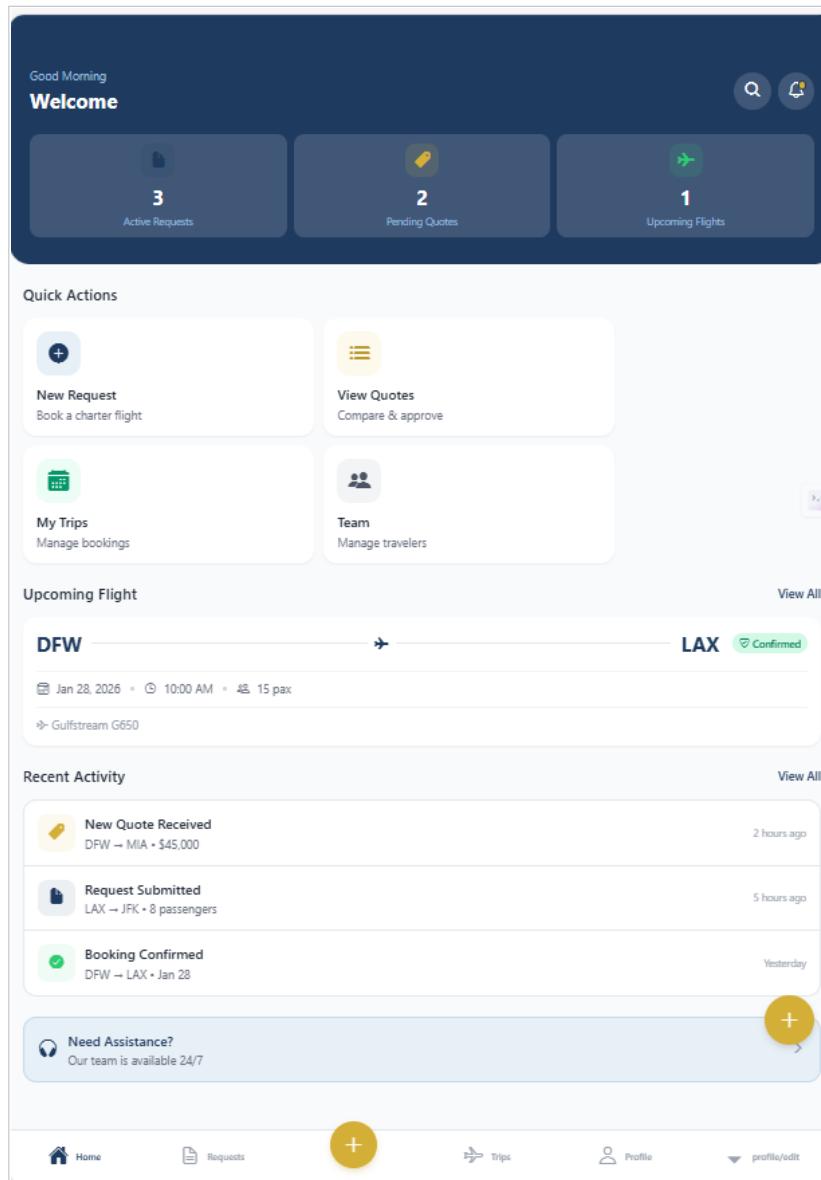

A screenshot of a mobile-style 'Create Account' form. At the top left is a back arrow icon. Below it is the title 'Create Account' in bold blue font, followed by the subtitle 'Join Sports Media Charter for seamless travel'. The form has three input fields: 'Full Name' (containing 'John Smith'), 'Email' (containing 'dan@dakdan.com'), and 'Password' (containing a series of dots). A large dark blue button at the bottom is labeled 'Create Account' in white. Below the button, a link says 'Already have an account? [Sign In](#)'.

New user registration screen. Requires Full Name, Email, and Password to create an account. Existing users can navigate back to the Sign In screen. Account creation is typically initiated by an organization administrator who provides access.

### 3. Dashboard - Home Screen

The main dashboard provides an at-a-glance overview of your charter activity. Key metrics display Active Requests (3), Pending Quotes (2), and Upcoming Flights (1). Quick Actions offer shortcuts to New Request, View Quotes, My Trips, and Team management. The Upcoming Flight card shows route, date, aircraft type, and confirmation status. The Recent Activity feed tracks quotes, submissions, and booking confirmations.

## 4. Dashboard - Search Expanded

The home screen with the global search bar activated. Users can search across requests, trips, and quotes from a single input field. The search persists over the dashboard layout, allowing quick navigation without leaving the home screen context.

[Back to Table of Contents](#)

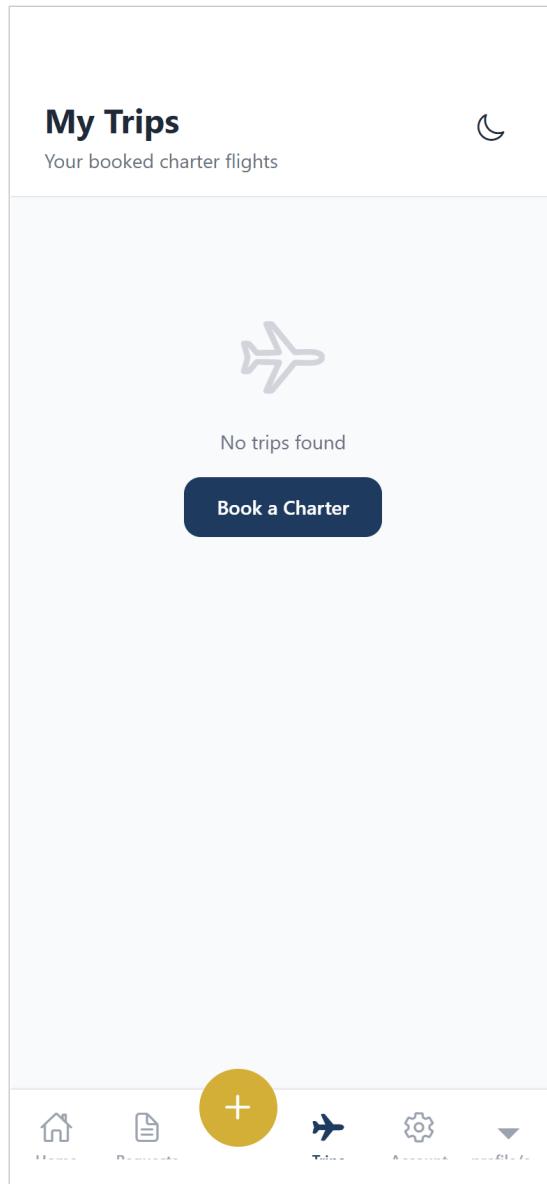

## 5. Requests List

The Requests tab displays all charter requests for the user's organization. Shows an empty state with a document icon and "No requests found" message when no requests exist, with a prominent "Create New Request" button. The bottom tab bar highlights the Requests tab. When populated, request cards show departure/arrival airports, date, passenger count, status badges, and urgency level.

[Back to Table of Contents](#)

## 6. Trips / Bookings

The Trips tab shows all confirmed bookings with an airplane icon empty state displaying "No trips found" when no bookings exist. The "Book a Charter" button directs users to the booking flow. When populated, flight cards show route, aircraft type, confirmation number, dates, passenger count, and payment status with color-coded badges.

## 9. New Charter Request - Multi-Leg

The screenshot shows a web-based application for creating a new charter request. The interface is divided into several sections:

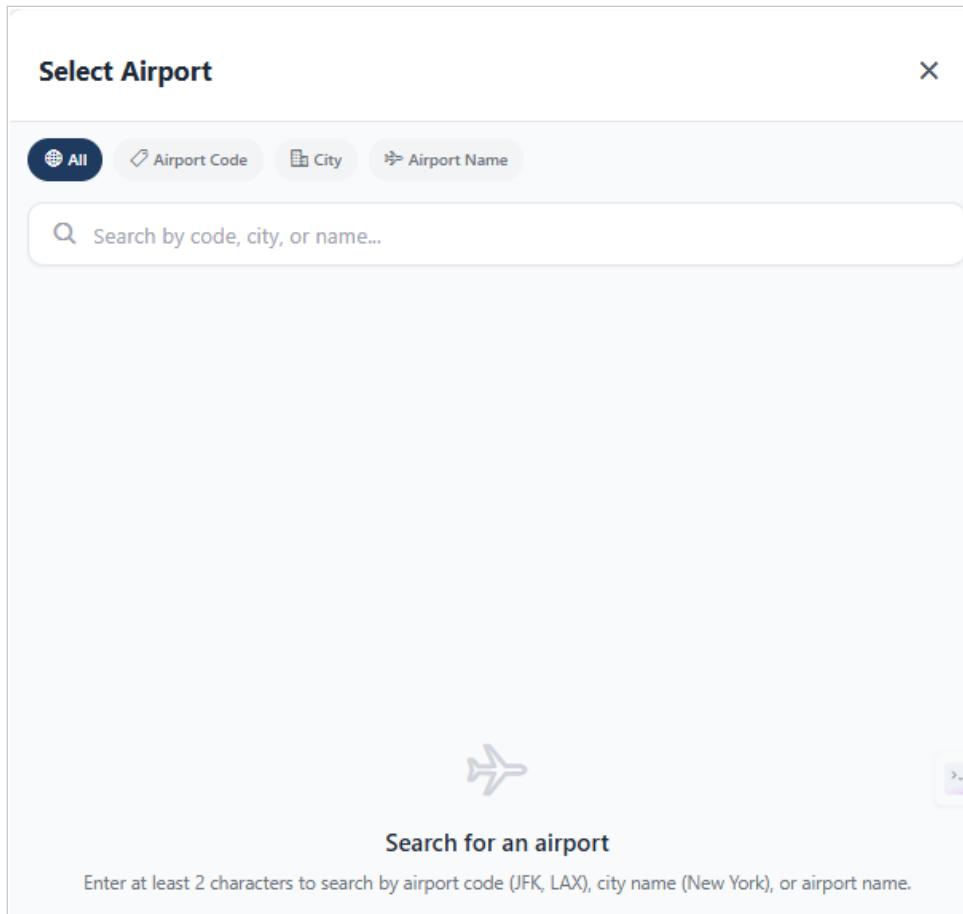

- Trip Type:** Options include "One Way", "Round Trip", and "Multi-Leg" (which is selected).
- Flight Details:** A section for "Leg 1" includes fields for "Departure Airport" (with a search bar) and "Arrival Airport" (with a search bar). Below these are date and time inputs for "Date" (MM/DD/YYYY) and "Time" (HHMM). A "Leg 2" section follows with similar fields.
- Add Another Leg:** A button to add more flight legs.
- Passengers:** A field for "Number of Passengers" with a minus sign, a value of "1", and a plus sign.
- Urgency Level:** A dropdown menu showing "Standard" (selected, with 48-72 hours notice), "Urgent" (with 24-48 hours notice), and "Emergency" (with Under 24 hours notice).
- Special Requirements:** A text input field for entering any special requirements, baggage notes, catering requests, etc.
- Submit Request for Quotes:** A large yellow button at the bottom.

At the very bottom of the page, there is a note: "You'll receive quotes from our network of trusted charter operators within 2-4 hours."

Complex itinerary builder for multi-leg trips. Supports two or more flight legs with an "Add Another Leg" button for dynamic leg addition. Each leg can be independently configured or removed. Ideal for tournament schedules, road trips, and multi-city travel arrangements common in professional sports.

## 10. Airport Selection - Search Interface

The airport search modal with filter tabs: All, Airport Code, City, and Airport Name. The search field accepts a minimum of 2 characters and returns matching airports from the global database. Results show IATA code, ICAO code, full airport name, and city/country location.

[Back to Table of Contents](#)

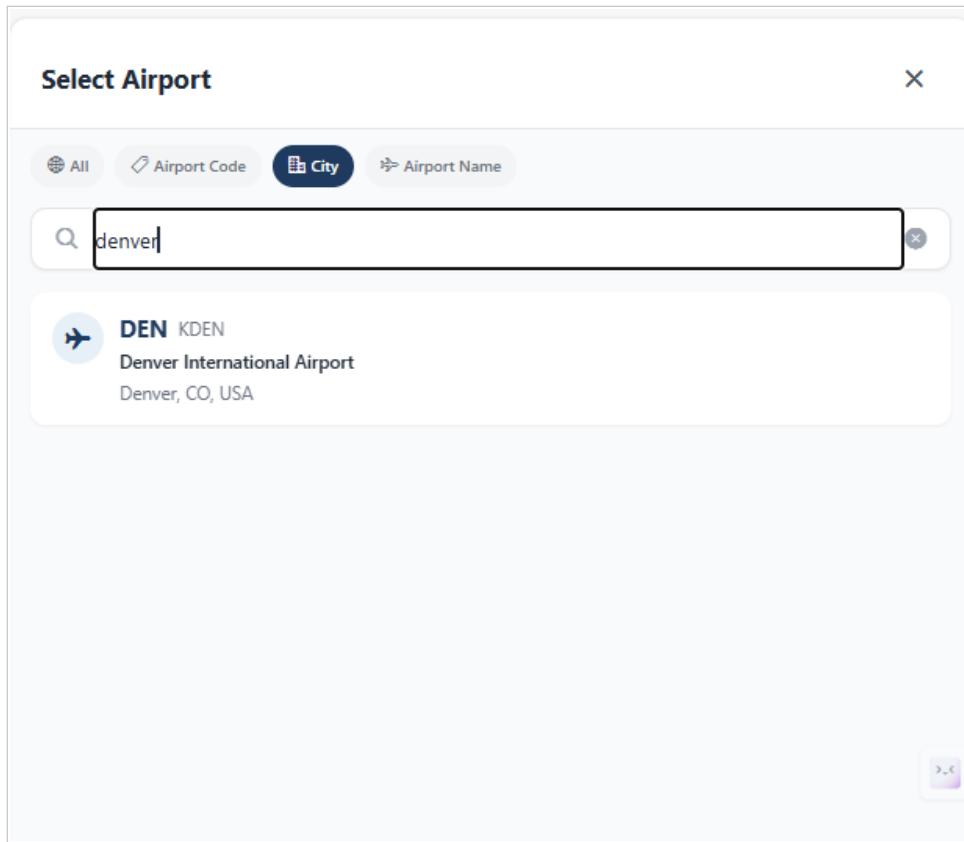

## 11. Airport Selection - By Code (LAX)

Demonstrates airport code search with the "Airport Code" filter active. Searching "lax" returns LAX (KLAX) - Los Angeles International Airport, Los Angeles, CA, USA. Code search is the fastest way to find a specific airport when the IATA code is known.

[Back to Table of Contents](#)

## 12. Airport Selection - By City (Denver)

City-based airport search with the "City" filter active. Typing "denver" returns DEN (KDEN) - Denver International Airport, Denver, CO, USA. City search is useful when users know the destination city but not the specific airport code.

[Back to Table of Contents](#)

## 13. Airport Selection - By Airport Name

The screenshot shows a search interface titled "Select Airport". At the top, there are four filter buttons: "All", "Airport Code", "City", and "Airport Name", with "Airport Name" being the active filter (indicated by a dark blue background). Below the filters is a search input field containing the text "van". Underneath the search field, three airport results are listed in cards:

- YVR CYVR**  
Vancouver International Airport  
Vancouver, BC, Canada
- VNY KVNY Private**  
Van Nuys Airport  
Van Nuys, CA, USA
- HEL EFHK**  
Helsinki-Vantaa Airport  
Helsinki, Finland

At the bottom right of the search interface, there is a small "X" button.

Airport name search showing results for "van" with the "Airport Name" filter active. Returns Vancouver International (YVR), Van Nuys Airport (VNY - marked as Private), and Helsinki-Vantaa (HEL). Demonstrates flexible international search including private airports designated with a badge.

# 14. Profile & Team Management

The screenshot displays the 'Profile' section of a travel management application. At the top, it shows the user's name, email, and role: Dan Kirkpatrick, dan@dakdan.com, Team Admin. Below this is a 'Company Information' section for the Dallas Mavericks NBA Team - Basketball, listing the home airport as DFW - Dallas/Fort Worth and the billing email as billing@mavericks.com. The 'Company Contacts' section lists Sarah Johnson (Primary, Travel Coordinator) and Mike Williams (Assistant Travel Manager). The 'Authorized Personnel' section lists Mark Cuban (Owner), Jason Kidd (Head Coach), and Luka Doncic (Player), each with 'Can Approve' and 'Can Book' badges. The 'Administration' section includes a 'User Management' link for admin users. At the bottom, there are navigation links for Home, Requests, Trips, Profile, and profile/edit.

User profile screen showing account details (Dan Kirkpatrick, Team Admin role), Company Information (Dallas Mavericks - NBA Team, home airport DFW), Company Contacts with Primary designation (Sarah Johnson - Travel Coordinator), and Authorized Personnel with role-based permission badges (Can Approve, Can Book). The Administration section at the bottom provides access to User Management for admin users.

## 16. Company Settings

The Company Information screen is a mobile-style interface for managing organization-level details. It features a header with a back arrow, the title "Company Information", and a moon icon for dark mode. Below the header is a placeholder for a company logo, with a "Change Logo" button. The main content area is divided into sections: "BASIC INFORMATION" and "COMPANY ADDRESS". Under "BASIC INFORMATION", there are four form fields: "Company Name" (Dallas Mavericks), "Company Type" (NBA Team), "Sport/Industry" (Basketball), and "Home Airport (IATA Code)" (DFW). Under "COMPANY ADDRESS", there is one form field for "Street Address" (2500 Victory Avenue).

| BASIC INFORMATION        |                     |
|--------------------------|---------------------|
| Company Name             | Dallas Mavericks    |
| Company Type             | NBA Team            |

## 17. Company Contacts

The screenshot shows a mobile application interface for managing company contacts. At the top, there is a back arrow, the title "Company Contacts", and a moon icon for dark mode. Below the title, a descriptive text reads: "Manage contacts who can submit charter requests and receive flight updates on behalf of your organization." Two contact cards are displayed:

- Sarah Johnson** (Primary)  
Travel Coordinator  
Email: sarah@mavericks.com  
Phone: +1 (555) 234-5678  
Actions: Edit, Remove
- Mike Williams**  
Assistant Travel Manager  
Email: mike@mavericks.com  
Phone: +1 (555) 345-6789  
Actions: Set as Primary, Edit, Remove

At the bottom, there is a button labeled "+ Add New Contact".

The Company Contacts screen manages key organizational contacts for charter coordination. Shows contact cards with avatar initials, names, roles, email addresses, and phone numbers. Sarah Johnson is marked as Primary contact (Travel Coordinator). Each card has Edit and Remove actions, with a "Set as Primary" option on non-primary contacts. An "Add New Contact" button is at the bottom.
